America's Rising Star Chefs Presents Crème de la Crème Anthony Stephen Tiano 1996 Fifteen American chefs share the recipes for over seventy-five signature dishes

Everything I Want to Eat Jessica Koslow 2016-10-04 The debut cookbook from Jessica Koslow, award-winning chef of LA's popular restaurant Sqirl, featuring more than 100 fresh, market-driven, healthy, and flavorful recipes. Jessica Koslow and her restaurant, Sqirl, are at the forefront of the California cooking renaissance, which is all about food that surprises us and engages all of our senses—it looks good, tastes vibrant, and feels fortifying yet refreshing. In Everything I Want to Eat, Koslow shares 100 of her favorite recipes for health-conscious but delicious dishes, all of which always use real foods—no fake meat or fake sugar here—that also happen to be suitable for vegetarians, vegans, or whomever you're sharing your meal with. The book is organized into seven chapters, each featuring a collection of recipes centered on a key ingredient or theme. Expect to find recipes for dishes Sqirl has become known for, as well as brand-new seasonal flavor combinations, including: Raspberry and cardamom jam Sorrel-pesto rice bowl Burnt brioche toast with house ricotta and seasonal jam Lamb merguez, cranberry beans, roasted tomato, and yogurt cheese Valrhona chocolate fleur de sel cookies Almond hazelnut milk Koslow lives in LA, where everyone is known to be obsessively health-conscious and where dietary restrictions are the norm. People come into Sqirl and order dishes with all sorts of substitutions and modifications—hold the feta, please, add extra kale. They are looking to make their own healthy adventures. Others may tack breakfast sausage, cured bacon, or Olli's prosciutto on to their order. So Koslow has had to constantly think about ways to modify dishes for certain diets, which in a way has made her a better, more adaptable cook. Throughout this book, Koslow provides notes and thought bubbles that show how just about any dish can be modified for specific tastes and dietary needs, whether it needs to be gluten-free or vegan. Everything I Want to Eat captures the excitement of the food at Sqirl—think of a classic grilled cheese turned playful with the addition of tomato coriander jam—while also offering accessible recipes, like blood orange upside-down cake, that can be easily made in the home kitchen. Moreover, it's an entirely new kind of cookbook and approach to how we are all starting to think about food, allowing readers to play with the recipes, combining and shaping them to be nothing short of everything you want to eat.

Eat Dat New Orleans: A Guide to the Unique Food Culture of the Crescent City (Up-Dat-ed Edition) Michael Murphy 2015-11-02 Completely revised and updated with brand-new restaurants, Eat Dat New Orleans is the ultimate guide to America's best food city When Mario Batali was asked his favorite food city, he responded, "New Orleans, hands down." No city has as many signature dishes, from gumbo and beignets to pralines and po' boys, from muffuletta and Oysters Rockefeller to king cake and red beans and rice (every Monday night), all of which draw nearly 9 million hungry tourists to the city each year. In this fully revised and updated new edition, Eat Dat New Orleans celebrates both New Orleans's food and its people. It highlights nearly 250 eating spots—sno-cone stands and food carts as well as famous restaurants—and spins

tales of the city's food lore, such as the controversial history of gumbo and the Shakespearean drama of restaurateur Owen Brennan and his heirs. Both first-time visitors and seasoned travelers will be helped by a series of appendices that list restaurants by cuisine, culinary classes and tours, food festivals, and indispensable "best of" lists chosen by an A-list of the city's food writers and media personalities, including Poppy Tooker, Lolis Eric Elie, Ian McNulty, Sara Roahen, Marcelle Bienvenu, Amy C. Sins, and Liz Williams.

Life, on the Line Grant Achatz 2012-03-06 "One of America's great chefs" (Vogue) shares how his drive to cook immaculate food won him international renown—and fueled his miraculous triumph over tongue cancer. In 2007, chef Grant Achatz seemingly had it made. He had been named one of the best new chefs in America by Food & Wine in 2002, received the James Beard Foundation Rising Star Chef of the Year Award in 2003, and in 2005 he and Nick Kokonas opened the conceptually radical restaurant Alinea, which was named Best Restaurant in America by Gourmet magazine. Then, positioned firmly in the world's culinary spotlight, Achatz was diagnosed with stage IV squamous cell carcinoma-tongue cancer. The prognosis was grim, and doctors agreed the only course of action was to remove the cancerous tissue, which included his entire tongue. Desperate to preserve his quality of life, Grant undertook an alternative treatment of aggressive chemotherapy and radiation. But the choice came at a cost. Skin peeled from the inside of Grant's mouth and throat, he rapidly lost weight, and most alarmingly, he lost his sense of taste. Tapping into the discipline, passion, and focus of being a chef, Grant rarely missed a day of work. He trained his chefs to mimic his palate and learned how to cook with his other senses. As Kokonas was able to attest: The food was never better. Five months later, Grant was declared cancer-free, and just a few months following, he received the James Beard Foundation Outstanding Chef in America Award. *Life, on the Line* tells the story of a culinary trailblazer's love affair with cooking, but it is also a book about survival, about nurturing creativity, and about profound friendship. Already much-anticipated by followers of progressive cuisine, Grant and Nick's gripping narrative is filled with stories from the world's most renowned kitchens—The French Laundry, Charlie Trotter's, el Bulli—and sure to expand the audience that made Alinea the number-one selling restaurant cookbook in America last year. Hungry Sheila Himmel 2009-08-04 A unique eating-disorder memoir written by a mother and daughter. Unbeknownst to food critic Sheila Himmel—as she reviewed exotic cuisines from bistro to brasserie—her daughter, Lisa, was at home starving herself. Before Sheila fully grasped what was happening, her fourteen-year-old with a thirst for life and a palate for the flavors of Vietnam and Afghanistan was replaced by a weight-obsessed, antisocial, hundred-pound nineteen-year-old. From anorexia to bulimia and back again—many times—the Himmels feared for Lisa's life as her disorder took its toll on her physical and emotional well-being. *Hungry* is the first memoir to connect eating disorders with a food-obsessed culture in a very personal way, following the stumbles, the heartbreaks, and even the funny moments as a mother-daughter relationship—and an entire family—struggles toward healing.

He had launched his own catering company with twenty thousand dollars made from selling candy on the subway and starred on Top Chef. Yes, Chef Marcus Samuelsson 2013-05-21 **JAMES BEARD AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY VOGUE • NEW YORK TIMES BESTSELLER** "One of the great culinary stories of our time."—Dwight Garner, *The New York Times* It begins with a simple ritual: Every Saturday afternoon, a boy who loves to cook walks to his grandmother's house and helps her prepare a roast chicken for dinner. The grandmother is Swedish, a retired domestic. The boy is Ethiopian and adopted, and he will grow up to become the world-renowned chef Marcus Samuelsson. This book is his love letter to food and family in all its manifestations. Yes, Chef chronicles Samuelsson's journey, from his grandmother's kitchen to his arrival in New York City, where his outside talent and ambition finally come together at Aquavit, earning him a *New York Times* three-star rating at the age of twenty-four. But Samuelsson's career of chasing flavors had only just begun—in the intervening years, there have been White House state dinners, career crises, reality show triumphs, and, most important, the opening of Red Rooster in Harlem. At Red Rooster, Samuelsson has fulfilled his dream of creating a truly diverse, multiracial dining room—a place where presidents rub elbows with jazz musicians, aspiring artists, and bus drivers. It is a place where an orphan from Ethiopia, raised in Sweden, living in America, can feel at home. Praise for *Yes, Chef* "Such an interesting life, told with touching modesty and remarkable candor."—Ruth Reichl "Marcus Samuelsson has an incomparable story, a quiet bravery, and a lyrical and discreetly glittering style—in the kitchen and on the page. I liked this book so very, very much."—Gabrielle Hamilton "Plenty of celebrity chefs have a compelling story to tell, but none of them can top [this] one."—*The Wall Street Journal* "Elegantly written . . . Why Some Like It Hot Gary Paul Nabhan 2004-08-10 Do your ears burn whenever you eat hot chile peppers? Does your face immediately flush when you drink alcohol? Does your stomach groan if you are exposed to raw milk or green fava beans? If so, you are probably among the one-third of the world's human population that is sensitive to certain foods due to your genes' interactions with them. Formerly misunderstood as "genetic disorders," many of these sensitivities are now considered to be adaptations that our ancestors evolved in response to the dietary choices and diseases they faced over millennia in particular landscapes. They are liabilities only when we are "out of place," on globalized diets depleted of certain chemicals that triggered adaptive responses in our ancestors. In Why Some Like It Hot, an award-winning natural historian takes us on a culinary odyssey to solve the puzzles posed by "the ghosts of evolution" hidden within every culture and its traditional cuisine. As we travel with Nabhan from Java and Bali to Crete and Sardinia, to Hawaii and Mexico, we learn how various ethnic cuisines formerly protected their traditional consumers from both infectious and nutrition-related diseases. We also bear witness to the tragic consequences of the loss of traditional foods, from adult-onset diabetes running rampant among 100 million indigenous peoples to the historic rise in heart disease among individuals of northern European descent. In this, the most insightful and far-reaching book of his career, Nabhan offers us a view of genes, diets, ethnicity, and place that will forever change the way we understand human health and cultural diversity.
