Anatomizing Civil War Martin Dinter 2018-05-09 Imperial Latin epic has seen a renaissance of scholarly interest. This book illuminates the work of the poet Lucan, a contemporary of the emperor Nero who as nephew of the imperial adviser Seneca moved in the upper echelons of Neronian society. This young and maverick poet, whom Nero commanded to commit suicide at the age of 26, left an epic poem on the civil war between Caesar and Pompey that epitomizes the exuberance and stylistic experimentation of Neronian culture. This study focuses on Lucan's epic technique and traces his influence through the Middle Ages and the Renaissance. Martin T. Dinter's newest volume engages with Lucan's use of body imagery, sententiae, Fama (rumor), and open-endedness throughout his civil war epic. Although Lucan's *Bellum Civile* is frequently decried as a fragmented as well as fragmentary epic, this study demonstrates how Lucan uses devices other than teleology and cohesive narrative structure to bind together the many parts of his epic body. *Anatomizing Civil War* places at center stage characteristics of Lucan's work that have so far been interpreted as excessive, or as symptoms of an overly rhetorical culture indicating a lack of substance. By demonstrating that they all contribute to Lucan's poetic technique, Martin T. Dinter shows how they play a fundamental role in shaping and connecting the many episodes of the *Bellum Civile* that constitute Lucan's epic body. This important volume will be of interest to students of classics and comparative literature as well as literary scholars. All Greek and Latin passages have been translated.

Worlds of Honor David Weber 2000-06-01 In just a few short years, David Weber has shot to the forefront of science fiction! The core of his work is Honor Harrington, the toughest, smartest starship captain in the galaxy. Now Weber invites you to join him and his invitees as they explore Honor's universe. The Host and His Guests: David Weber himself is on board, first telling how young Honor Harrington and her treecat Nimitz faced the impossible task of rescuing the victims of an avalanche in a sub-zero blizzard, then revealing a chapter in the history of the telepathic treecats when a young human who bonded with a treecat was a Very Important Person. Specifically, she was a Manticoran crown princess and the heir to the throne of the empire.... Roland Green offers a hard-hitting account of what happened when Manticore and the People's Republic of Haven went eyeball-to-eyeball over a strategically vital planet.... Linda

Evans looks at life among the treecats, before Honor... .. Jane Lindskold tells how Honor's monarch, Elizabeth III, had to learn the hard way what monarchy is all about... At the publisher's request, this title is sold without DRM (Digital Rights Management). ". .. something for every taste in Weber's fandom .. . intriguing background glimpses of Honor's¾and Nimitz's¾worlds." ¾Publishers Weekly "Recommended." ¾Library Journal "Heartwarming and insightful..." ¾VOYA

Virgil, Aeneid, 4.1-299 Ingo Gildenhard 2012 Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Becoming Cliterate Dr. Laurie Mintz 2018-05-15 We've been thinking about sex all wrong. Mainstream media, movies, and porn have taught us that sex = penis + vagina, and everything else is just secondary. Standard penetration is how men most reliably achieve orgasm. The problem is, women don't orgasm this way. We've separated our most reliable route to orgasm—clitoral stimulation—from how we feel we should orgasm—penetration. As a result, we've created a pleasure gap between women and men: 50% of 18-35-year-old women say they have trouble reaching orgasm with a partner 64% of women vs 91% of men said they had an orgasm at their last sexual encounter 55% of men vs. 4% of women say they usually reach orgasm during first-time hookup sex In Becoming Cliterate, psychology professor and human sexuality expert Dr. Laurie Mintz exposes the broader cultural problem that's perpetuating this gap, and what we can do about it. Pulling together evidence from biology, sociology, linguistics, and sex therapy into one comprehensive, accessible, and prescriptive book, Becoming Cliterate features: Cultural & historical analysis of female orgasm (spoiler: the problem's been going on for ages) An anatomy section (it's all custom under the hood) Proven techniques for cliterate sex (it starts with training the sex organ between your ears) A comprehensive final chapter for men (because you don't have to have a clitoris to be cliterate) By dispelling the lies, misunderstandings, and myths that have been holding us back, Becoming Cliterate tackles both personal and political problems and replaces them with updated outlooks and practical skills needed to change our collective perspective on sex. It's time to finally inform women and men on how to have satisfying experiences in bed that benefit both parties. The revolution is cuming—and Becoming Cliterate offers a radical, simple solution to progress and pleasure for all.
